# NAIL CUTICLE OIL

With Hyaluronic Acid + AHA

## INGREDIENTS

Carthamus Tinctorius Seed Oil - goodie. Prunus Amygdalus Dulcis Oil - goodie. Prunus Armeniaca Kernel Oil - goodie. Simmondsia Chinensis Seed Oil - goodie. Glycine Soja Oil - goodie.

## BENEFITS

Applying cuticle oil can increase the circulation around your nails, stimulating nail growth. It can also help to protect your nail and cuticle against trauma. The oil can also help to improve the health and appearance of your nail. If you paint on your nails, cuticle oil can also protect your polish for a lasting shine.

## USE

You'll only need to use a few drops, because most oil works best in small amounts. Depending on the product you're using, you can either dab your cuticles with a cotton ball or brush the oil on it. Apply a few drops to each cuticle and then massage for few minutes.
